### **ENGINEER IN TRAINING – 6MOS CONTRACT GSD/GSWMD WASTEWATER TREATMENT PLANT**

#### **Engineer in Training (EIT)– Wastewater Treatment Plant**

Gary Sanitary District (GSD) is seeking a highly motivated and qualified Engineer in Training (EIT) to join our team on a 6-month contract basis, with the possibility of extension for additional wastewater projects. The ideal candidate will possess a strong foundation in engineering fundamentals, a passion for water resource management, and a desire to contribute to critical infrastructure projects that serve the Gary community.

#### **Key Responsibilities:**

- Assist in the planning, design, and implementation of wastewater and stormwater infrastructure projects.
- Conduct field inspections and surveys to assess existing conditions and gather data.
- Prepare engineering drawings, calculations, and reports.
- Assist in the preparation of construction plans and specifications.
- Review and analyze technical data and reports.
- Collaborate with other engineers, technicians, and project stakeholders.
- Ensure compliance with all applicable regulations and standards.
- Contribute to the overall efficiency and effectiveness of the GSD engineering team.
- Perform other duties as requested

#### **Reports To:**

Director and Assistant Manager of Engineering.

#### **Requirements and Qualifications:**

##### **Education:**

- Bachelor's degree in Civil Engineering, Environmental Engineering, or a related field.

##### **Certification:**

- Passed the Fundamentals of Engineering (FE) exam.

##### **Skills and Experience:**

- Strong understanding of wastewater and stormwater management principles.
- Knowledge of relevant engineering software and tools (e.g., AutoCAD, Civil 3D, hydraulic modeling software).
- Excellent communication, interpersonal, and problem-solving skills.

- Strong attention to detail with excellent analytical, multitasking, and judgement capabilities.
- Ability to work independently and as part of a team.
- Valid driver's license and reliable transportation.
- Experience with wastewater treatment plant design and operations.
- Knowledge of Indiana environmental regulations.
- Familiarity with GIS and mapping tools.

**Physical Demands:**

- Ability to physically perform assigned duties, including sitting/walking at will, sitting/standing/ walking for long periods, walking on uneven terrain, lifting/ carrying/pushing/pulling objects weighing less than 50 pounds.
- Ability to handling/grasping/ fingering objects, close vision, color vision, depth perception, hearing sounds/communication, and speaking clearly.
- Ability to lift manhole covers, navigate forested areas, and perform duties at various lift stations.

**Benefits:**

- Gain valuable experience working on critical infrastructure projects.
- Contribute to the improvement of water resource management in the Gary community.
- Opportunity to work with a dedicated team of professionals.
- Potential for contract extension and career growth within the GSD
